

## July 2018 Board Report

- The custodial staff is continuing cleaning and preparing for the upcoming school year. They are still doing catch up from last summer but seem to be on track to have everything ready by the start of school. We have installed 13 air conditioning units that were salvaged from South School that are a considerable upgrade from what we had.
- I have estimates from Josh Dillinger, of Dillinger Painting, to do some painting in our main lobby, auditorium, and library. The MCHS Alumni Foundation is wanting to fund these projects to provide an updated look to the school. The plan is to have the lobby done this summer and the other areas be done over the next two years.
- The football field grass is getting better. It was treated a second time two weeks ago and also will be getting field-dressed this week. I'm not sure he wants publically acknowledged but if you see/talk to Doug McPherson at Mt. Carmel Stabilization, thank him for his company's donations to help get that job done.
- The track is scheduled to get resurfaced in August or September. The estimate is \$18,594 and Mr. Buss proposed paying that out of 1% monies when the job was approved in the spring.
- The MCHS Gym Floor is all but refinished. It had been since 1995 when the floor was sanded down to the wood. The floor had become yellow and slick with the 40+ layers of poly on it. I encourage the Board to go up and see the difference. The estimate on the sanding, new graphics, and finishing came in at \$18,200. As with the track, Mr. Buss had approved this back in the winter and suggested 1% monies are used to pay for it. These are two large expenses but were necessary and should not need to be made again for many years.
- MCHS summer school has been a success to this point. Tracie Guard has kept me updated and most have finished and the others are on track to attain the needed credit(s).
- MCHS will have student registration on August 9<sup>th</sup>: Seniors at 8 to 9:30, Juniors 10-11:30, Sophomores 1:30-3:00, Freshmen 4:00-5:30. At 6 pm, Freshmen and their parents are invited to Orientation in the Auditorium.
