Mount Carmel Grade school is in its 1st year as a third through sixth grade facility for Wabash Community Unit School District #348. The staff at MCGS continue to respond to the National, State, and Local calls for reform and improvement at the third, fourth, fifth, and sixth grade by in-servicing and implementing programs aimed at facilitating, supporting, encouraging, and enhancing student success at MCGS.

For the 2017-2018 school year, in order to address the safety, academic, social, physical, and emotional needs of our students, we are working in significant ways. Some of the programs/curriculum that will be continuing and/or added to help our students to be more successful are:

Also, MCGS School Improvement for 2017-2018 will be based on the District Improvement Plan.
